How to Use This Resource

Welcome! This resource is designed to help you get the most from your **Walking With God Journal**. While the companion Bible studies are in development, these study guides will provide direction for your personal time in God's Word.

Each resource lists the Scripture passages for the Bible characters or topics included in the journal. Begin by reading the assigned passages carefully in your Bible. Ask the Lord to teach you through His Word and to reveal more of Himself as you study.

As you read, use your **Walking With God Journal** to record what you discover. Rather than looking for facts alone, ask questions such as:

- What do I learn about God?
- What qualities or weaknesses do I observe?
- What spiritual lessons does God teach through this account?
- Is there an example to follow or a warning to heed?
- How should this truth change my life today?

Allow Scripture to answer Scripture as you compare related passages. Take time to meditate on what you have read, record the truths the Lord impresses upon your heart, and respond to Him in prayer.

Remember, the goal is not simply to complete pages in a journal but to grow in your knowledge of God and in your walk with Him.

As additional **Walking With God Bible Studies** become available, these resources will continue to serve as helpful companions to your personal study.

"Open thou mine eyes, that I may behold wondrous things out of thy law." —Psalm 119:18
